

Marjorie Bison, Nicole Ponta, Daniella Maria Schweizer, and Katalin Csilléry (2025). Harnessing foresters' engagement for climate change adaptation: the emerging tool of next-generation citizen science.

Table S1: Profile of local coordinators responsible for recruitment and their countries of responsibility

ID	Countries of responsibility	Languages spoken	Education	Occupation	Period of activity
1	Bulgaria	Bulgarian, Italian, English	Msc in environmental management	freelancer	September 2022 – 2024
2	Croatia, Bosnia, Serbia	Croatian, Serbian, English	Msc in forestry	freelancer	May 2022 - Now
3	France, Switzerland (French speaking)	French, English	PhD in ecology	freelancer	April 2022 - Now
4	Germany, Austria, Hungary, Romania (Hungarian speaking), Bulgaria, Slovakia, Slovenia,	German, English	Forest engineer	freelancer	September 2022 - February 2024
5	Ukraine	Hungarian, English	Msc in Ecology	freelancer	April 2022 - Now
6	Italy	Italian, English	Msc in Ecology	PhD student in forest genetics	September 2023 - Now
7	Italy, Spain	Italian, Spanish, English	PhD in participatory science	project coordinator	April 2021 - March 2024
8	Poland	Polish, English	Msc in forestry	PhD student in forestry	July 2022 - Now
9	Romania	Romanian, English	Bsc in forest sciences	Master student	May 2022 -
10	Slovenia	Slovenian, English	Msc in forestry	Associate at Forestry Institute and PhD student in Forestry	September 2023 - December 2024
11	Spain	Slovenian, English	Msc in environmental sciences	PhD student in environmental sciences	March 2023 – Now
12	Switzerland (German speaking), Germany	Spanish, English, German, Swiss	Bsc in forest sciences	Forest manager	October 2023 - Now
13	Switzerland (German speaking), Germany	German, English, German, Swiss	Bsc in evolutionary genetics	Master student	June 2022 - December 2022
